

Dear FCC Commissioner

Keep the classification of the internet as a title II utility. Uphold strong net neutrality. Net neutrality is necessary for a REAL fair and free internet. The current FCC Chair must defend net neutrality. He needs to stop referring to what he is doing as "a free and fair internet," that is the opposite of what he is doing. Defend net neutrality, act in the interest of the American people, not a few corporations. Thank you.

Sincerely,

Landon Knoke
